

Mandarin Oriental Hotel, Hong Kong

Project Design Brief

The Mandarin Oriental, Hong Kong as the flagship property of the Mandarin Oriental Group celebrated 50 years through 2013 and undergone necessary renovations in particular in the commercial kitchen.

The idea was to bring in a solution that is long lasting, improving hygienic aspects within the kitchen and at the same time manoeuvring the small space given.

With ACO's portfolio the Mandarin Oriental Group found exactly that as well as design support for the Architect during all phases of the project.

ACO Solution

- ACO Modular with slot opening 20mm and
- ACO Box channel with ladder grate

Benefits

- The 0.5% built-in slope in the KS100 system reduced additional labor work for the contractor on site to create gradient
- The stainless steel BrickSlot frame provides an aesthetic finish
- Easy access for maintenance via removable access panels (as seen in the picture)

Architect

- CKP
