BRIGHT BREWERY Australia

At Bright Brewery are used fresh mountain water, quality ingredients, craft brewing techniques and sustainable practices to brew our MountainCrafted beers.

Bright Brewery was born in 2005 from a passion for well-made beer, a love for the town of Bright and its pristine alpine environment, and the adventurous outdoors lifestyle that the High Country provides.

The brewery was founded by Scott Brandon, his late wife Fiona Reddaway and their friends David and Julia, driven by a desire to make beer great and to share Bright's spectacular surrounds and environment with everyone who passes through our town.
